ELECTION NEWS IS CAUSE MAN'S DEATH

Thomas Hoy Dies Suddenly In Field At Harris Farm, North of the City

Thomas Hoy, aged 47, dropped dead Wednesday afternoon in a cornfield at the A. C. Harris farm in Morris township, on the Mansfield road.

Mr. Hoy, who had been living for the last three or four years at the Harris home, had eaten a hearty dinner, and was apparently in the best of health. Just after the men had gone out to the cornfield, Mr. Hoy received some good news on the election results, and went out to the field to tell the story to the others. After telling the election story, he asked Mr. Harris what he would do if he had a pain in his lungs. He had hardly finished his question before he dropped on his knees and fell on his face in the fodder. He died instantly of heart failure.

Mr. Hoy was unmarried and was a farm laborer by occupation. He is survived by four brothers, Gilbert of Bangs, Edward who resides in Morris township, and two who live in England; also by two sisters, Mrs. Margaret Hilliard of this county and Mrs. Anita Nelson of California.

The funeral services will be held from the Harris home, Mansfield road, Friday morning at 11 o'clock. Rev. N. S. Ashton of Academia will have charge. Burial in Mount View cemetery.

MORE FEVER CASES; MAY CLOSE SCHOOL

Sanitary Officer Parker today quarantined two more homes where scarlet fever had broken out, one in the First ward on East Gambler street, and the other in the Third ward, on Elliott street.

Health Commissioner Workman, in conference at the health office this morning, stated that unless the spread of scarlet fever in the city abated at once, he would recommend that the Third ward school be closed this week, until the malady is under control.

Developments will be watched for a few days before calling a special meeting of the city board of health to make special regulations to handle the situation that seems now to be developing.

MAY GET 2,000 BY CLOSE OF WEEK

With 13 men working in the farm bureau reorganization campaign on Thursday, J. A. Hammon, manager of the drive, was optimistic in the belief that long strides in the direction of the goal of 2,000 members in the Knox county organization will be made before the close of the drive on Saturday evening.

A total of 980 members had been secured up to Thursday morning. But little work was done by the men on election day, but on Wednesday, with only ten solicitors out and a portion of these unable to start until noon, a total of 61 new members was secured.

IMPORTANT MEETING

The heirs of the Bricker estate will meet with Mrs. Roy Buchanan at S. F. Vanatta residence on the Newark road, Saturday, Nov. 6, at 2 p. m.

BIRTHS

A son was born Thursday to Mr. and Mrs. Herschel Snow of North Sandusky street.

Catarhal Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be removed and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous surfaces. ONE HUNDRED DOLLARS for any case of Catarhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

ADAMS WILL SPEAK HERE SUNDAY NIGHT

More than 60 years ago, Abraham Lincoln declared that human labor is not a commodity and should not be treated as such.

Progressive employers today are showing that they appreciate the truth of Lincoln's dictum, and they are working out a system which shall make clear to the men employed, that they are not regarded as simply cogs in a great machine but as human beings.

The Goodyear Tire & Rubber Co. of Akron have been pioneers in this very important movement. They have organized a staff of men whose business it is to study at first hand all the problems which have to do with the welfare of the men employed by the company. While this work is still in the experimental stage, great improvement has been made in the methods of handling the men and dealing with their needs and grievances.

One of the men who has charge of this work is W. T. Adams.

The Men's club of the Congregational church has engaged Mr. Adams to speak in the Congregational church next Sunday evening. He will tell not only of what is being done for the improvement of working conditions in the factories, but also of the great Goodyear Institute, erected by Frank Seyberling at the cost of several hundred thousand dollars, in which innumerable activities are being carried on for the entertainment and education of the Goodyear employees. There is a college at which as many as 2,000 students are being trained for greater efficiency. In the large auditorium, concerts are given in which appear some of the finest artists of the country. High class moving pictures are shown every day. There are swimming pools and bowling alleys and many other things which provide wholesome recreation.

The story is full of interest. Come and hear it.

OFFICIAL COUNT TO START THIS EVENING

The official canvass of the election returns in Knox county will be started tonight at the Knox county board of elections office. It is expected to have the complete official figures by the end of the week, so they can be published in Saturday's paper.

It developed this morning that there were many small errors made in the unofficial reports of the returns and, according to City Auditor Gates today, the changes made in the official count may mean a great deal in the instances where the contest was close. The election of C. C. Leitter as clerk of courts over the present incumbent, Walter C. Burris, will not be conceded until after this official count is made.

All the precincts have made returns to the board, and there is nothing now in the way of computing the official record of the election.

CARS IN SMASH-UP ON PUBLIC SQUARE

While driving from South Main street around the public square about 4 o'clock Wednesday afternoon, E. J. Smith of East Pleasant street had the rear bumper of his car knocked off and his rear fenders badly bent when Mrs. Ralph Jewell's car plunged into it.

Mr. Smith was starting east around the square and Mrs. Jewell was making the turn south on Main street. Mrs. Jewell put on the brakes to slow up to pass the Smith car, but they would not hold and she could not avoid crashing into the other machine. No one was hurt in the accident.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes.
